

1 Current Account Balances

Summary

Menu	Human Resources Management → Reports → Current Account Balances
Transaction code	paba
Function authorization	paba

The “current account balances” list provides an overview of the current balances of the existing counts, such as leave, flextime, overtime.

The screenshot displays the 'Current account balances' application. The main window has a title bar and a menu bar with options like 'Main page', 'Profile', 'Request data', 'Cancel', 'Print preview', 'Print all', 'Edit', 'Save', 'Help on operation', 'Help on application', and 'Help on detail application'. Below the menu bar is a 'Selection' section with dropdowns for 'Person from', 'to', 'Company', 'Area', and 'Cost center'. The main area contains a table titled 'Current account balances' with columns: 'Person', 'Com...', 'Person', 'Name', 'Date of latest eval...', 'Flextime', 'Flexible time', and 'Overtime'. The table lists employees and their respective balances. On the right side, there is a sidebar with a 'Person' section showing '667 Smith, Christian' and 'Date of latest evaluat. 1/1/2013'. Below this is a 'Current account balances' section with a 'Page 1' tab and input fields for 'Flextime' (-22:30), 'Overtime' (0:00), 'Flexible time' (0:00), 'Leave account' (26.000000), and 'Monthly account' (0:00).

Utilization

The displayed account balances correspond to the status when labor time was calculated at last. Consequently, the account balance of the previous day is normally displayed.

Editing Functions

The below dialog opens to edit a data record:

The screenshot shows a software window titled "Edit". Inside, there's a "Main page" tab. The "Person" section at the top has a "Person" field with the value "667" and a dropdown arrow, followed by the text "Smith, Christian". Below it is a "Date of latest evaluat." field with the value "1/1/2013" and a dropdown arrow. The main area is divided into three vertical panels. The first panel, "Current account balances", has a "Page 1" tab and contains five input fields with the following values: "Flextime" (-22:30), "Overtime" (0:00), "Flexible time" (0:00), "Leave account" (26.000000), and "Monthly account" (0:00). The second panel, "New acct.balance", also has a "Page 1" tab and contains five empty input fields. The third panel, "Account modification", also has a "Page 1" tab and contains five empty input fields.

All active accounts are displayed at the same time within the editing dialog and there is respectively one field to enter the new account balance or account modification.

In this context, it may be selected whether the new account balance or, as an alternative, the difference to the current account balance is to be edited. Both values cannot be entered simultaneously for one account balance and leads to an error message.

Account modifications always become effective on the current day.

Manual account modifications can be traced back in the manual [account journal](#).
