

1 Shift Plan on the Terminal

Summary

Employees can use an absence reason key on the PZE terminal to display their shift plan for the coming days on the terminal. The dynamic dialog P_PSP is used for the display. The following image shows the shift plan using the AIP terminal as an example:

The screenshot shows a terminal window titled "[#0014] Shift Plan". It contains a form with the following fields:

- Badge**: 2455
- Name**: Albert, Claudia
- Date from**: 02.03.2010 **until**: 29.03.2010

Below the form is a table with the following columns: **Date**, **from**, **to**, **Shift**, and **Absence**. The table displays the shift plan for the specified date range.

Date	from	to	Shift	Absence
02.03.2010	06:00	14:00	F	
03.03.2010	06:00	14:00	F	
04.03.2010	06:00	14:00	F	
05.03.2010	06:00	14:00	F	
06.03.2010				
07.03.2010				
08.03.2010	14:00	22:00	Lea	Leave
09.03.2010	14:00	22:00	Lea	Leave
10.03.2010	14:00	22:00	S	
11.03.2010	14:00	22:00	S	

At the bottom of the window, there are navigation buttons: "Abbruch" (left) and "Anzeige aktualisieren" (right). The status bar at the bottom indicates "Seite 1", "Seite 2", and "Seite 3".

Configuration

The settings required here are made in the terminal configuration in the *HR functions* tab. The absence reason "_PSP" followed by the key label is input here:
