1 Export Interface DNC

Summary

In connection with DNC programming systems, it might be reasonable to transfer DNC data to these systems, e.g. to forward the DNC files changed in HYDRA or recorded by the machine to the programming system.

Functions

Enterprise Integration Service to transfer NC programs and HYDRA setting data to external NC servers.

Please note: A transfer concept needs to be defined and the relevant transfer procedures have to be customized to implement this function for customers. The involved services for concept, customizing and implementation are not covered by the license.
