

1 Upload of Confirmations HYDRA --> SAP

Summary

Confirmation PP-PDC/ CC3

Record type	SAP meaning	HYDRA action to be triggered
I20	Time ticket - partial end	Automatic or manual order interruption at the BDE terminal or at the BDE console
I40	Time ticket end	Notification of the end of an order at the BDE terminal or at the BDE console

HYDRA BDE confirms to SAP on the basis of time tickets. Transferred are the staff durations from the B-records (personnel postings). They are transferred to SAP together with the personnel number.

A transfer of correction notifications is **not** included in the SAP default interface PP-PDC/ CC3.
